The Center for Local Government invites you to attend the Fall 2026 HR Luncheon at the West Chester Township Municipal Building (9113 Cincinnati Dayton Road, West Chester, OH 45069), where we will hear from Hayley Heller, HR Business Partner at MRA - The Management Association, on workplace investigations and employee relations.

Workplace investigations are rarely easy, but how they're handled can make a lasting impact. A well-managed investigation doesn't just resolve a complaint. It can reinforce trust in HR, strengthen confidence in leadership, and demonstrate your organization's commitment to fairness. Following the core investigation framework, we will transition into a rapid-fire look at four employee relations trends reshaping the modern workplace:

- AI as "Invisible Infrastructure" in Employee Relations
- Mental Health and Burnout as the Core Driver
- The Great Workplace Recording Debate
- Manager Enablement. Your true "first line of defense"
